

FLUKE®

Fluke I1A/10A Clamp PQ4

Overview:

The 1A/10A 3-Phase+N Current Clamp Sets (the Clamp) have been designed for applications with Fluke 1735 and 1740 series products for accurate non-intrusive measurement of ac currents. Using latest technologies (integrated memory for calibration data) provides current ranges from 0.05A up to 10A in a frequency rang of 40 Hz to 10kHz.

Features:

Brand Name Fluke
Type Clamp
Application 4-Phase 1A/10A
Model I1A/10A-CLAMP-PQ4
Voltage Rating 600 V ac rms or dc
Length 22 IN
Color Black
