FIBERGLASS WIRING TROUGH, NEMA TYPE 12 AND 3R

INDUSTRY STANDARDS

Flammability Rating UL 94-5V
Meets UL cold impact test for temperatures to -35 C

NEMA Type 12 and Type 3R
IEC 60529, IP55
Recognized by National Electric Code for indoor and outdoor applications

APPLICATION

This lightweight, temperature- and chemically-resistant fiberglass trough is designed for use in corrosive or dirty indoor or outdoor applications.

FEATURES

- Seams are sealed
- No holes or knockouts
- Captivated Monel cover screws
- Oil-resistant gasket attached with oil-resistant adhesive

SPECIFICATIONS

- Pultruded fiberglass polyester bodies and covers

FINISH

Fiberglass wireway is gray inside and out.

BULLETIN: F25
