

Siemens Low Voltage Molded Case Circuit Breakers Sentron Molded Case Circuit Breakers - Enclosed Circuit Breakers are Circuit Protection Molded Case Circuit Breakers. Sub Brand: SENTRON Type: HLD6 Std: UL V. Rating: 600V A. Rating: 600A F. Rating: 50/60Hz Frame: LD Trip Type: THERMAL MAGNETIC Interrupt Rating: 35KA No. Of Poles: 3P Enclosure: TYPE 4X L: 45 W: 32 H: 15 Operating Temperature: (-25C -- 75C) AMBIENT TEMPERATURE

| product function note                        |                                |
|----------------------------------------------|--------------------------------|
| number of poles                              | 3                              |
| Environmental conditions                     |                                |
| ambient condition for operation              | INDUSTRIAL CORROSIVE RESISTANT |
| ambient temperature during operation maximum | 75 °C                          |
| ambient temperature during operation minimum | -25 °C                         |
| Model                                        |                                |
| product brand name                           | Siemens                        |
| Mechanical Design                            |                                |
| design of the housing                        | TYPE 4X                        |
| design of the overload release               | THERMAL MAGNETIC               |
| design of the product                        | HLD6                           |
| size of the circuit-breaker                  | LD                             |
| General product approval                     |                                |
| standard                                     | UL                             |
