Features

- Ideal for Servicing Plumbing and Electrical
- Optimized Length to Minimize Damage to Pipe and Wire
- Cut all Directions
- Fast Plunge

Specifications

Length	2-1/2"
Pack Qty	1

Overview

The Drywall Access SAWZALL® blade has been engineered to specifically address the frustrations encountered when doing plumbing and electrical service work behind installed drywall. The new Drywall Access blade is only 2-1/2" long,

optimized to cleanly cut through up to 5/8" drywall but avoid damage to pipe and wire behind the wall. The blade's unique multi-directional tooth design allows the user to cut in all directions, for maximum finesse in small diameter cutting.
