UPC No 784567575101

Home > Terminal Boxes > Terminal Boxes

Midwest Electric’s Terminal Boxes are for use in converting from overhead to underground services and for multi-circuit wiring. The NEMA 3R enclosure provides protection for all terminations inside and provides a convenient, timesaving means of wire splices and connections. Midwest offers a full line of terminal boxes for 240-volt, single-phase and 600-volt, three-phase ratings. Typical applications, both indoors and outdoors, include inter-building wiring on farms, convenient splicing means for industrial use, and commercial construction.

Descriptors

Category	Terminal Boxes

Specifications

Amps	200
Phase	3
Volts	120/240
AIC	10,000
Cabinet Size	14 in. W X 21 in. H
Hub Provision	Yes
Wire Range	(3) 1/0-250, (3) 12-1/0
Unit Weight	19 lb

Classifications

Standard Package	1
